

Lenovo VIBE S1

POSITIONING STATEMENT

The Lenovo VIBE S1 is a sleek smartphone with dual front-facing cameras for a high-quality, flawless selfie picture. Designed for selfie enthusiasts, the VIBE S1 smartphone touts an 8MP primary front camera used to take the photo and capture the image's detail and sharpness, while the 2MP secondary front camera gathers depth information and simulates human depth perception to create the ultimate selfie photo. Its svelte, curved glass design blends its elegant look with a comfortable hold and can easily slip into any bag or pocket, weighing at less than five ounces.
